Ken Phillips: There are over 200 licensed, board certified, probationary dentists in California that the Dental Board, a public protection agency funded by taxpayer dollars, doesn't inform or warn the consumers about. The Attorney General revokes the license, and the Dental Board re-instates them as probationary, but they are not listed as such on the Dental Board website.

He and **Tina Dohms** are asking the City Council for its members to support a bill (Tina's Bill) to adequately educate and inform the consumers of dental services at the place of treatment of the status of the probationary dentist before they sign the Informed Consent document.

Martin Lopez: Brush abatement on Balboa, between Roscoe and Strathern. 8520 **Vanestra** He contacted William Larsen and SLO Paredes about squatters in building.

Kenny Ortega: He spoke of the 311 Ambassador Training Program and its services; there will be a follow-up meeting after the holidays. The Police Commission meetings are every Tuesday at 9:30 a.m. at 100 W. Los Angeles St., Rm. 161.

Eugene Son: He requests that the LBNC not distribute its yellow-colored newsletter during the Thanksgiving weekend as they are very noticeable on the doors of neighbors who are away.

7. Discussion regarding Negative Declaration evaluating the environmental impacts of the proposed Propeller Park Development Project at Van Nuys Airport along Balboa Blvd., north of Stagg St. – Possible Motion – Bernardoni

Steve Albright of Pacific Aviation Development LLC: Van Nuys Airport is supposed to have 36 acres set aside for general aviation, aircraft less than 12,500 lbs; that will be the Propeller Park. Negative declaration is that there won't be a significant impact on the environment due to the construction.

Website: www.theparkvny.com.

The entrance to the park is the International Guard entrance. It will be tree lined all the way down (not shown on current plans), 24" box trees approx. 8-9 foot tall; FAA has to approve the trees. The terminal bldg will be off of Balboa. It'll have a restaurant, museum, public meeting room, and a patio. Construction is to start in Feb. 2011 to last two years.

City of Los Angeles rule is that 1% of construction money has to go to the cultural affairs. He wants to contact local art schools for a contest for local artists to design pieces for the park or in the open lobby.

Chair: We'd love to have another presentation; I'll email you tomorrow.

Steve Leffert moves to write a comment that gates and/or fences on the western side of the project be made of solid material for restricting noise. Frank Ahn seconds. **Vote: (10-0) Motion passed.**
