## DOLLARS & \$ENSE WORKSHOP

Did you know that 30% of all bankruptcies filed in 2003 were by woman filing alone? Or that 53% percent of women are not covered by a pension, compared to only 22% of men.

With the still-present pay gap and the fact that women general work fewer years, their Social Security benefits are about half of men's.

In honor of Women's History month, Congressman Howard Berman and Assemblymember Bob Blumenfield are hosting a free financial literacy workshop lead by the CalCPA Institute, but it's open to everyone! With the average American family spending \$1.22 for every dollar it earns, it's a great time to learn how to get your finances in order!
