CARFIT EVENT FOR OLDER DRIVERS

Does your Car "fit" you?

CarFit is based on a 12-point checklist and provides one-on-one interaction with a trained CarFit technician. The primary purpose of the program is to convey safety information; it is not a driving evaluation.

The goals of CarFit are:

- Help older drivers improve the "fit" of their vehicles for safety and comfort.
- Promote conversation among older adults and families about safe driving and mobility.
- Link adults with local resources that can help ensure they drive as long as safely possible.
