Complaints have been sent to the California Water Resources Board by the Mono Lake Committee to try to stop the water from being sent to Southern California. Write to them by March 17, 2023 if you want the water to continue coming to Los Angeles. Tony suggested that the City Council should take a position to keep the water coming. You can write letters as an individual or take a Board action. Daniel Johnson stated that this was not a city issue and the Board should not be voting on it which caused confusion.

16. **Health and Public Safety:** Discussion and possible action regarding **Police/Community Partnership – Brown Every community has a Community Police Advisory Board, which provided a platform to allow community members to directly communicate matters of concern directly to law enforcement officials and those that could make decisions in a more, timely fashion. As a result of that West Valley Community Police Advisory Board holds monthly meetings so that community members can express their fears and opinions. We know That next to Neighborhood Councils the Police Advisory Boards are one of the tools that the community has to get change in our community. Last night, The Community Police Advisory Board (CPAB) sponsored the LAFD Cert Training which graduated 28 members of the community. People representing Reseda, Tarzana, and North Hollywood. The graduation certificates were signed by Mayor Bass. They were given ready to go backpacks and are ready to serve their neighbors. The Volunteer Community Patrol is made up with volunteers from the community, that are trained by the police department, and patrol assigned areas. They report back to LAPD so that there can be better deployment. This program has been in existence for five years. One of the members recently saved a life of a one-month old infant after taking CERT Training. There are currently over 30 members of the volunteer patrol. Participants must be able to volunteer at least four hours every two weeks or eight hours a month. You need to fill out an application and you will be vetted and**

trained. You are able to go on a ride along to see if this is something you would like to do. They need more volunteers. Mass Shooting numbers have increased. Free training on how to survive an active shooter event is available on Wednesday March 8, 2023, at the West Valley LAPD Station, at 6:00PM. Ms. Gravani thanked James Brown for his work and mentioned he was in the first graduating group of the Volunteer Community Patrol Program.

17. **Rec & Park:** Discussion and possible action regarding the proposed extension of bicycle path along the north side of the LA River from White Oak to Balboa Blvd – Stein

<https://www.mapquest.com/us/california/sepulveda-basin-off-leash-dog-park-266318430>
[https://eng.lacity.org/sites/g/files/wph1701/files/2023-02/SBVP Community Meeting 1 Presentation.pdf](https://eng.lacity.org/sites/g/files/wph1701/files/2023-02/SBVP%20Community%20Meeting%201%20Presentation.pdf)

Jim Stein had requested meetings on multiple occasions with city officials to discuss this project. The city has been refusing to hold community meetings in regards to changes in the Sepulveda Basin. They plan on building an additional bike path at the cost of 196 million dollars from the city budget and 80 million dollars will be coming from Measure M. The path will be thirty-feet wide and go right through the dog park. There are several residents in Reseda that will lose part of their backyards through eminent domain. The dog park is considered the best dog park in the City of Los Angeles due to the natural shade. The parking lot will be taken over with the bike path. Mixing dogs and bicycles is not a good idea. Mr. Stein was very frustrated to hear that people pushing this project are saying the community supports it. There has been no opportunity for public comments. This is the only dog park in the West Valley. The OneGeneration Farmer’s Market will also lose part of its’ land. The Motion that was approved by the City Council was moved by Blumenfield and Nury Martinez. When Councilmember Martinez was asked questions about the project she said the dog park wasn’t in her area so she wouldn’t discuss the project. The City of Los Angeles has nine dog parks. This is the only dog park in the valley. from Vanowen to Vanalden. The path will go CF 20-0247

You can see the plans on zimas@lacity.org
